NEW CABINET SELECTED BY ABDUL HAMID

Turkish Troops Have Returned
to Their Barracks and
Trouble Is Over.

COMMITTEE OF UNION AND PROGRESS BEATEN

PEOPLE AND SOLDIERS LOYAL
TO SULTAN—NO ATTACK UPON
PROPERTY OF CITIZENS.

Constantinople, April 14.—The members of the new cabinet have been installed in office. Immediately after the ceremonies, which were followed by the reading of an imperial proclamation, which ordered the observance of the Shari laws and the preservation of the constitution, the troops, who since yesterday have surrounded parliament, dispersed quietly and returned to their quarters. On their way they fired volleys from their rifles as a sign of rejoicing.

The cabinet, as definitely constituted, is as follows:

- Grand vizier, Tewfik Pasha.
- Minister of war, Edhem Pasha.
- Minister of marine, Vice Admiral Adjemen Pasha.
- Minister of the interior, Edil Bey.
- Minister of justice, Hassan Fehmi Pasha.
- Minister of finance, Nury Bey.

The other posts are filled by the previous incumbents.

Constantinople, April 14.—After the stirring events of yesterday and the early part of today in Constantinople, the successful formation of the cabinet and the issue of an imperial proclamation ordering the observance of the Shari laws and the preservation of the constitution, served to bring about a comparatively peaceful situation here tonight. The new cabinet, of which Tewfik Pasha is the grand vizier, has been installed.

The formation of the cabinet has greatly relieved the tension. Most of the people passed a sleepless night owing to the continuous discharge of musketry. Tonight the city is quiet; the troops have returned to their barracks and the crowd in the Stamboul quarter have retired to their homes.

Confidence Returning.

Confidence is gradually returning, although the military situation will require the aid of the new government for its successful handling, and the promulgation of wise measures so that the army may be placed on a more satisfactory basis. Fortunately, the new minister of war, Edhem Pasha, is generally respected and trusted, and it is believed that he will restore order.

It is noteworthy that while the revolution of last July was the work of officers, the present movement was carried forward by the soldiers, aided by the religious party. The rising has resulted in the complete obliteration of the committee of union and progress, while many deputies representing the committee group have resigned or remain in their homes. During the whole thrilling episode the salient feature of the revolution was the loyalty of the troops and the people to the sultan, and the absence of attacks on the lives and property of citizens.

Situation Discussed by Cabinet.

The new cabinet discussed the situation tonight.

The grand vizier and Shiek-ul-Islam arrived at the palace and were cheered by an immense crowd.

The precincts of the porte were crowded in every part and the hall where the ministry was installed was packed to overflowing.

An imperial order was issued appointing Tewfik Pasha grand vizier and confirming Zia Edidin Effendi as Shiek-ul-Islam. It also ordered the observance of the Shari laws and the preservation of the constitution, "for the maintenance of the security and progress of the government and country and the welfare of all my people."

The sultan adds that the observance of the instructions laid down in the order is of the utmost importance, and concluded by invoking divine assistance on the efforts of the grand vizier and the cabinet, which is composed of elements outside of the parliamentary parties and which generally is considered as transitory and likely to lead eventually to the return of the former grand vizier, Kiamil Pasha, and the former minister, Nazim Pasha.

Continued on Page 2.

PARISH PREST CAUSE OF RIOT

Thirty Men Killed and Many
Injured in Fight at Velardena, Mexico.

AMERICANS NOT MOLESTED

SCENE OF TROUBLE A COAHUILA
COAL MINING CAMP.

City of Mexico, April 14.—The rioting at Velardena, the big coal mining camp in the state of Coahuila, last Saturday, according to a dispatch received tonight, was more serious than at first reported, thirty men being killed and many injured.

The trouble was instigated by Father Ramon Velazquez, the parish priest, it is asserted, who lies near death in a hospital. Fourteen of the rioters have been summarily executed by the government troops, and many imprisoned.

Americans Not Attacked.

Many Americans reside in Velardena, the camp being controlled by American capital. The leaders of the mob, which was well organized, avoided attacking Americans or destroying American property.

The fighting occurred when the jefe politico of the town, an officer corresponding to a mayor, attempted to stop religious procession headed by the village priest, Mexican laws forbidding such parades. A thousand parishioners followed the priest, wishing to witness the annual burning of Judas, and the mob, becoming enraged, stoned and later burned the house of the jefe. That official and his wife escaped by climbing a rear wall and seeking protection in the American colony.

Police Fire Upon Mob.

The rioters then stormed a Chinese hotel, looting it of all liquors and foods, and terrorizing the neighborhood during the night. The police force in an effort to restore order, fired on the mob, many of the members of which were well-armed. The officers, however, were forced to retreat, leaving six of their number dead in the street.

Later troops, which had been telegraphed for, arrived on a special train and a fierce fight with the rioters ensued.

Father Velazquez was arrested. One of his followers succeeded in smuggling a knife to his cell and the priest stabbed himself six times in a vain attempt to commit suicide. He was discovered by the guards just in time to save his life.

THE DEATH RECORD.

Former Senator M. C. Butler.

Columbia, S. C., April 14.—Former United States Senator M. C. Butler died here tonight.

Harry Gillig.

San Francisco, April 14.—Harry Gillig, well known in California and New York, died in Los Angeles. Gillig was prominent in the city of Los Angeles, where he was the Bohemian club of San Francisco and later of the Lambs club of New York. He had been in poor health for several years and went to Los Angeles a few months ago after a course of treatment at Carlsbad.

Rev. Samuel Scott.

Dayton, O., April 14.—Rev. Samuel Scott, aged 90 years, the first prohibition candidate for governor in Ohio in 1865, died at the age of 90 at the Miami Valley hospital.

BIG MINING DEAL.

New York, April 14.—One of the largest copper deals in recent years was closed here today, when control of the Bonanza mines, said to be one of the richest copper mines known, was passed to the Alaska syndicate, composed of the Guggenheim interests and J. P. Morgan & Co. The mines, which are located in Alaska, are owned by the Alaskan Copper & Coal company. It is said that the deal was worth nearly \$10,000,000 less than that at which they were held before the recent depression in the copper market.

FUGITIVE CAPTURED.

Oakland, Cal., April 14.—Harry D. Brown, a Los Angeles broker, who disappeared from that city several weeks ago, when preparations for his arrest on charges of forging various bonds and other papers to the value of \$100,000, was captured in this city tonight hiding in the home of Constable J. E. Becker of Fruitvale. Brown refused to make any explanation of his flight from Los Angeles. Becker said that the two men, unknown to him, brought the broker, who is an old friend, to him two weeks or more ago, and that he needed a period of rest and quiet.

CASE OF SUICIDE.

Bellingham, Wash., April 14.—John Lair, formerly of Lafayette, Ind., and for years connected with the Byron hotel here, was found dead in his room today. It is believed he was a case of suicide. He lived here for some years under an assumed name, and considerable mystery was attached to him, his identity being revealed only when his family was closing up his estate in Indiana. A married daughter at Butte, Mont., survives him.

SAN FRANCISCO COURT OF APPEALS GRANTS ALLEGED BRIBER NEW TRIAL

Louis Glass, Former Manager of Pacific States Telephone Co., May Escape Five Years in Prison.

San Francisco, April 14.—By a decision of the district court of appeals, handed down today, the conviction of Louis Glass, former vice president and general manager of the Pacific States Telephone company, found guilty of having offered a bribe to Supervisor Thomas F. Loneragan to influence his vote in the matter of granting a franchise to the Home Telephone company, is reversed and a new trial ordered.

Conclusions of the Court.

The reversal is based upon two points: First, the admission into evidence of matters pertaining to certain transactions in relation to the Home Telephone company franchise in Oakland, held by the appellate judges to be irrelevant to the case on trial; and second, that Trial Judge William P. Lawlor refused to instruct the jury, as requested by the defense, not to allow the refusal of E. J. Zimmer, an official of the Pacific States Telephone company, to testify, to influence their minds, nor to view his refusal as an indication that he was withholding evidence which might incriminate the defendant. The decision of the appellate justices sustains the indictment under which Glass was tried, though after an exhaustive discussion of its text, they declare it to be "not a model," while sufficient for its purpose.

Only Four Convictions.

Since the inception of the bribery-graft investigation in this city, two and a half years ago, four convictions have been obtained: those of Eugene E. Schmitz, former mayor of this city; M. W. Coffey, a former supervisor; Abraham Ruef, former political boss, and that of Glass, the only one of the several corporation officials indicted to be found guilty. With the reversal of the Glass conviction there remain but those of Ruef and Coffey to be acted upon by the appellate court, the Schmitz case having been thrown out by that body on the ground that the indictment was invalid.

Since the conviction of Glass, Loneragan, the man he was charged with having bribed, has died, broken in health and crushed in spirit by the disgrace attached to his name.

Merely Avenged Wrongs Attended with Poor Luck

Girl, With Baby in Her Arms, Pleaded Guilty of Manslaughter—Had Killed Her Betrayer.

New York, April 14.—Sarah Koten, the young Russian woman charged with shooting and killing Dr. Martin W. Auspitz on August last, pleaded guilty to manslaughter in the first degree when called for trial for her life in the supreme court here today. She was remanded for sentence on Friday.

The crime to which the young woman pleaded guilty was sensational and the story which the prisoner told shortly after she had killed the physician in the vestibule of an uptown apartment house, aroused widespread interest in her case. She had killed Dr. Auspitz, she said, because he had attacked her while she was under the influence of an anesthetic during her term of service as a nurse in a sanitarium which the physician controlled. She brought with her today from Blackwell's island, where she had been a prisoner, the baby boy born to her since the shooting. She had expressed confidence that entire justice would ultimately be done to her. In a statement she declared that she was merely the instrument of God in the killing of the physician, as her efforts to punish him in the courts had not succeeded.

Bulgaria Threatens to Fight with Turkey

St. Petersburg, April 14.—Negotiations looking to a settlement of the Turkish-Bulgarian dispute arising from the Bulgarian declaration of independence last year are taking an unsatisfactory course. Both here and in Constantinople they have come practically to a deadlock. M. Poprikoff, the Bulgarian minister of foreign affairs, who has been here since March 13, is preparing to return to Sofia tomorrow or the next day unless the negotiations take a turn for the better. The mobilization of the Bulgarian army is regarded as a possibility unless Turkey speedily comes to terms.

GARDENER ACQUITTED.

San Francisco, April 14.—Eugene Gardiner, who is connected with several prominent Kentucky families, was acquitted this afternoon of the charge of having murdered Joseph Cordova, a colored boat steerer of the whaler Bowhead, who was killed while the vessel was in the Arctic ocean. The jury was out over twenty-two hours. Gardiner's plea was self defense. This was his second trial in the circuit court, the former jury having disagreed.

Tour of the Orient.

Fairbanks Party Will Leave San Francisco at Noon Friday.

San Francisco, April 14.—Former Vice President Charles W. Fairbanks arrived in this city today, accompanied by his wife, Mrs. J. W. Fairbanks, and Miss Norton, both of Indianapolis, and Mr. and Mrs. Frederick C. Fairbanks of Pasadena, Cal. The party is en route to the Orient and will sail for Japan on the Japanese liner Chiyu Maru, which will depart at noon Friday, April 16.

The tour which the Fairbanks party contemplates will extend around the world. In discussing the trip, Mr. Fairbanks said tonight that he went as a student of trade possibilities in oriental countries, as well as for sightseeing and relaxation. The party is en route to the Orient and will sail for Japan on the Japanese liner Chiyu Maru, which will depart at noon Friday, April 16.

Missouri Voters May Have a Chance to Put Prohibition Amendment in Constitution.

Jefferson City, Mo., April 14.—The lower branch of the Missouri legislature today passed by a vote of 80 to 21 a resolution to submit a prohibition constitutional amendment to the vote of the people at a regular election in November, 1910. The measure is yet to be acted on by the senate.

Bill Passed Lower House

Missouri Voters May Have a Chance to Put Prohibition Amendment in Constitution.

Rumor of Accident.

London, April 14.—Rumors from Plymouth say the British cruiser Argyle has met with an accident. The admiralty has no knowledge on the subject.

Methodist Chaplain.

Washington, April 14.—A vacancy as chaplain in the navy will be filled by the appointment of a minister of the Methodist Episcopal church and Secretary Meyer will ask the board of bishops soon to meet in Richmond to nominate a candidate. There being no Unitarian chaplain in the navy, representatives of that denomination recently appealed to the president in behalf of such an appointment, but without success.

No Election.

Springfield, Ill., April 14.—The seventh joint ballot for United States senators today was without result. Hopkins still leads with 75 votes.

PRISONER ON BOARD VESSEL

Girl Sends Appeal for Help by
Means of Message in
a Bottle.

VICTIM CAME FROM DENVER

FELL INTO HANDS OF SCOUNDREL
IN SAN FRANCISCO.

Oakland, Cal., April 14.—After drifting for weeks in the Pacific ocean, the plighting of the winds and tides, a message purporting to tell of the plight of Rosaline Rockayn, a Denver girl, who came to this city last month, strange to its people and in a way only to be drugged and carried out to sea by a man who had offered her his services as guide to a boarding house, was washed up on the water front today. The paper was contained in a bottle which the girl threw from the cabin port hole of her prison ship, trusting that her appeal would reach some one who would inform her relatives and bring about her release. The messages is headed:

"Pacific Ocean, March 13, 1909."

It begins:

Letter of the Girl.

"I cast this bottle overboard with the hope that it will be found. I arrived from the east Thursday, and being a stranger to San Francisco, did not know where to find the main part of the city. A gentleman, as I supposed at the time, met me on the water front and asked me if I was looking for some one."

Inveigled Aboard Ship.

Continuing, the message tells of the kind offer of this man to see the girl safely home, but every effort to persuade her to come aboard a ship to wait until he should be at liberty to wait with her, of drugged wine and of a deep sleep, from which she awoke to find herself a prisoner aboard a vessel headed far out at sea. The last paragraph reads:

"If you can read this, please notify my brother and tell him that Rosaline wants him to try to find her. I don't know the name of the ship. He is coming back. I wish I could jump overboard and it would all be over. Please write to Ned Rockayn, Denver, Colo. This ship is rolling and I am sick."

Not a Hoax.

The writing of the message is that of a woman, and it was evidently written by a person laboring under great excitement. There is no mark on the bottle or paper that would serve to determine the name of the vessel is being made, as the police are convinced that the pathetic cry from the sea is not a hoax. An effort to locate the ship in Denver is being made, through the police of that city, but without result up to late tonight.

AMENDMENT HELD VALID.

Idaho Assessors Entitled to Assistance of Clerks.

(Special to The Herald.)

Boise, Idaho, April 14.—The constitutional amendment providing clerical assistance for county assessors is held valid by the supreme court, and in accordance with an opinion handed down today, a writ of mandamus was issued directing the board of commissioners of Ada county to bear evidence for the purpose of determining the necessity for deputies and other clerical assistance in the office of the assessor.

The court, in reviewing the case, carefully defines the difference in the two constitutional amendments submitted at the last general election, and of which the amendment abolishing the probate courts was declared to be invalid. The court, in touching upon the two amendments, states that the probate court amendment was not regularly submitted to the people as provided by the constitution and, therefore, would have no force and effect even though receiving a majority vote at the general election. Of the assessors' amendment, the court holds that it was regularly submitted to the people and adopted as a part of the constitution.

BUTTE GAMBLER CAUGHT.

Butte, Mont., April 14.—John Sessia was not prosecuted for the killing of Edward Madden, the holdup man who shot Sunday night while the robbers were helping to escape from the Mountain View saloon after having held up a poker game. This was announced by Deputy County Attorney James Baldwin just before the inquest today over the remains of Madden. Sessia, however, who was prosecuted for gambling, was represented by Rourke announced today that he will petition the council to revoke the license of the Mountain View saloon, which was shown to be a veritable gambling fortress through the shooting of Madden.

Rumor of Accident.

London, April 14.—Rumors from Plymouth say the British cruiser Argyle has met with an accident. The admiralty has no knowledge on the subject.

Snow Blockade Broken.

Denver, April 14.—Passengers on the Denver, Northwestern & Pacific (the Moffat road) train, which has been snow-bound for two days near Earl, at the top of the continental divide, were this morning transferred across the huge snowdrifts by means of their westward journey. Two big rotary plows, detailed in bucking the snow, just block the tracks, forcing gangways of laborers with shovels rapidly cutting through the drifts, and traffic will be opened by tomorrow.

Taft Will Attend IF IT IS POSSIBLE

(Special to The Herald.)

Washington, April 14.—Senator Smoot called upon President Taft today and urged him to attend the Grand Army encampment which is to be held in Salt Lake City next August. The president said he is anxious to attend and would do so if he found it possible. He will definitely in the matter as soon as he can arrange his summer plans.

TARIFF COMMISSION.

New York, April 14.—To spread the sentiment for the creation of a permanent tariff commission, the Merchants' association of New York is sending out subscription blanks to raise funds for an educational campaign. A letter sent out declares that there is a splendid chance for success at this special session of congress.

Roosevelt Declines Invitation to Public Reception at Mombasa

Mombasa, April 14.—A cablegram received here today from Theodore Roosevelt declining an invitation to attend a public reception and a dinner, announced that he has decided not to stop in Mombasa. There is much disappointment here. Mr. Roosevelt asks in this message that he be met at the pier by his special train and conveyed direct to the ranch of Sir Alfred Pease on the Athi river, where he will be Sir Alfred's guest for the first fortnight's stay in the protectorate.

The steamer Admiral is expected here April 27.

At present the monsoon is blowing vigorously. There has been a sudden outbreak of smallpox at Nairobi. Forty deaths have occurred in the quarantine camp, and three cases are reported from Juja ranch, the property of George McMillan, who will be Mr. Roosevelt's host during a portion of his stay in this section.

Major Louis L. Seaman has returned from a hunting trip up-country. He says the game is excellent and the prospects good. Major Seaman is about to leave Uganda on an elephant hunting expedition.

Three lions have been interfering with the night work at the Makindu station on the railroad. It is believed that the plans of the Roosevelt party contemplating a night at this station.

The local police authorities have taken measures to strengthen some of the out stations on the northern boundary of Kenya province, where the inhabitants of the wilderness country north of the protectorate have been showing signs of unrest.

A number of continental business firms have forwarded various presents, including champagne, ammunition, books, etc., to Mr. Roosevelt here. It is not believed that Mr. Roosevelt will accept any of them.

Aden, April 15.—The steamer Admiral, on which ex-President Roosevelt is a passenger, was sighted early this morning.

PRESIDENT TAFT ATTENDS THEATRE IN NEW YORK EN ROUTE TO NEW HAVEN

New York, April 14.—President Taft, on the way to New Haven to attend a meeting of the Yale corporation tomorrow, stopped over in New York tonight as the guest of his brother, Henry W. Taft.

With Mrs. Taft and a number of relatives he attended a performance of "If I Were King," by E. H. Sothern at Daly's theatre. The president is very fond of the theatre and, returning from New Haven tomorrow afternoon, agrees to stop in New York to attend an evening performance before leaving for Washington, where he is due Friday morning.

Mr. Taft has been putting in many long hours of work since his inauguration, and today's brief respite from official duties was decidedly agreeable to him. He usually passes from eight to nine hours a day in the executive offices of the White House, and rarely takes a luncheon. There are many federal offices to be filled, and much of his time is occupied in listening to recommendations from senators, representatives and party leaders, as to the fitness of candidates who are being urged for the various places.

The president was particularly pleased that the problem of choosing a "sumner" White House at last has been solved. As announced from Washington, the new summer capital will be at Woodbury Point, Beverly, Mass. The president is looking forward with pleasure to playing a great deal of golf on the magnificent links at the Myopia Hunt club at Hamilton.

He hopes to reach his summer home soon after the first of June.

A number of the senate leaders have expressed the opinion that the new tariff bill will be ready for his signature by June 1.

The president still is being strongly urged by western senators and representatives to make an extensive trip through the west this summer, but the matter is being held in abeyance. Estimates as to the cost of the trip, however, are being made.
